BRONZE SPONSOR: Bail Bond Professionals

**BAIL BOND
PROFESSIONALS**

Chris Kiperman & Jason Meyerson

(888) 389 - 2245 BAIL

With 24 years of experience, **Jason Meyerson** at Bail Bond Professionals has established himself as California's premier go-to bail bond agent favored by DUI attorneys and criminal defense specialists. Providing exceptional service and exceeding expectations is how he found success for so many years in this highly competitive industry. Their main office is in Southern California in the City of Tustin but by using local affiliate agents and E-signature technology is able easily execute bail bonds throughout the entire state of California.

Jason is a board member of the California Bail Agents Association (CBAA) and has been at the forefront of the ongoing battle to protect one's right to bail in our great state.

Jason states, ""I recognize there are many bail agencies to choose from, but having one agent you can always trust to handle clients in the most expeditious and professional manner can make the difference between getting retained or not. This is a relationship business and establishing trust is key to any good relationship. I pride myself at being the best in the business when it comes to professionalism, knowledge and gaining trust, my career has been built upon it."

"I refer all clients who need a bail bondsman to Jason. He is an outstanding professional: fair in his pricing, always responsive to clients and their lawyers, and able to handle complex bonds that others can't. He never plays the games that so many others do that can leave clients and their families owing far more money than they anticipated. He's a shining star in an industry that too often takes advantage of their clientele."

Brian Gurwitz - LAW OFFICE OF BRIAN GURWITZ

The only person I trust in the bail bond industry is Jason. I have dealt with enough bail bond companies to know who is reputable and who is not. Jason is by far the best and most professional company in the industry.

David Salvin - LAW OFFICES OF DAVID J. SALVIN

Bail Bond Professionals is the perfect name for this team. Jason was professional, supportive, and caring while assisting me through this difficult time. He offered his experienced opinion when asked about possible outcomes and explained the entire process in a manner that was comforting and easily understood. If a loved one ever needs this service again (even though I hope they never will), I will not hesitate to call upon them again. Not an ambulance chaser.

BRONZE SPONSOR: California Behavioral Health

Addiction treatment that treats you like a person.

California Behavioral Health (CBH) is a family owned and run treatment center that offers a superior clinical model on a campus that features privacy and exceptional amenities and activities.

Residents are treated with respect and dignity and we work hard to give them the best opportunity to achieve their goal of long-term recovery by empowering them to take the lead in their recovery.

We have a non-12-step based treatment program using effective, evidence-based therapies, such as CBT, DBT, EMDR, and mindfulness training, for example. Our clinical staff is comprised of Master-level and licensed therapists – highly trained at identifying deeply rooted issues and behaviors that are critical in addressing the underlying cause of substance abuse.

Our Clinical Team assesses each individual case and tailors a treatment plan specifically to that person. There is no “one-size-fits-all” thinking here.

We also have 24/7 Licensed Vocational Nurses (LVN's) and Medical Assistants (MA's).

As a former resort area apartment complex that's been upgraded and remodeled, our residents enjoy many amenities. Each resident has his or her own private bedroom/bathroom suite and receives an MP3 Audio Player and headphones which we download with the music of their choice. Each suite also has a large screen television.

We have two Executive Chefs preparing three meals a day. Snacks are always available. We accept most PPO insurance and are in network with MHN.

We are JCAHO approved.
